

Sachin Gurjar

SOFTWARE DEVELOPER

ABOUT

As a full-stack developer with one year of experience, I have developed proficiency in several technologies related to web and app development, with a primary focus on React Native. My skills include React Native, MySQL, Redux, HTML, CSS, JavaScript, NodeJS, ReactJS, ExpressJS, RDBMS, REST APIs, JSON, payment gateways, UI development, front-end, back-end, client-side, and server-side development.

WORK EXPERIENCE

PS SOFTECH 01/2022 - 06/2022

SOFTWARE DEVELOPER, 06/2022 - CURRENT

ORIOL INFOTECH SOLUTIONS - GWALIOR, MADHYA PRADESH

- During my time working as a native developer on food applications, I gained extensive experience working with React Native. I was responsible for both the front-end and back-end of the application, working to develop and maintain features such as user authentication, payment integration, and database management. Working in close collaboration with designers, product managers, and other developers, I was able to ensure that the app provided a seamless, user-friendly experience for customers. This involved extensive coding, debugging, and troubleshooting, as well as project management skills to ensure that features were delivered on time and within budget.

PROJECTS

- FoodApp: <https://play.google.com/store/apps/details?id=com.mymenukart>
- partnerApp: <https://play.google.com/store/apps/details?id=com.mymenukartpartnerapp>
